 The children in subcare and their age and gender breakdown is by placement county prior to fiscal year 2009 and by legal county for fiscal year 2009 forward.  
 The sum of all exit types may not match the sum of children exiting care (see Outcomes) because children exiting care includes adoptions consummated out-of-state.  
 The sum of male and female counts may not match the count of children in each age group due to the possibility of undetermined gender.  
 TCCWB\_01c reflects data (counts and totals) as of the last day of the month prior to the "MDC - Warehouse Data As of" date listed below.
